JGAS 2005, hosted by the Japan Graphic Arts Suppliers Committee, was held under the theme of "Added Value Through Innovation" from October 4, 2005 (Tue) to October 8, 2005 (Sat), using the entire East Hall of Tokyo Big Sight with 350 exhibitors.

As JGAS 2005 was held amid signs of recovery in the printing related industries, I am pleased to announce that JGAS 2005 was very well attended. The total number of visitors was 118,418, far exceeding our initial target. Visitors from overseas, mainly from East Asia, reached 3,200. I would like to express my heart-felt gratitude to you all for your kind assistance and cooperation.

The next exhibition by the Japan Graphic Arts Suppliers Committee will be the IGAS 2007, which will be held for seven days from September 21, 2007 (Fri) to September 27, 2007 (Wed) using all halls of Tokyo Big Sight.

IGAS 2007 will be the second international exhibition after IGAS 2003. We will do our best to improve and innovate so that we can produce excellent results. Also we will intensify our promotional activities in both Japan and overseas so that IGAS 2007 will attract many more visitors as one of the world's four biggest international exhibitions in its field.

I hope you will continue to give us your assistance and support.
Thank you.
