

Announcement of the Show Dates

May 22, 2025

Japan Printing Machinery Association

Japan Association of Pre-Press & Digital

Printing Systems Suppliers

Japan Printing Machinery Association (Chairman: Akihiko Morisawa) and Japan Association of Pre-Press & Digital Printing Systems Suppliers (Chairman: Shuichiro Yamada) are going to hold IGAS2027 (International Graphic Arts Show) for five days from Thursday, August 5 through Monday, August 9, 2027. We are pleased to announce that the dates of IGAS2027 have been finalized. The move-in period will be five days from Saturday, July 31 to Wednesday, August 4, 2027. The show will be held for five days from Thursday, August 5 to Monday, August 9. The move-out period will be two days from Tuesday, August 10 to Wednesday, August 11.

IGAS2027 is going to be held for the first time in 5 years since IGAS2022. Printing and cross-media printing technologies and solutions will be proposed from the perspective of brand owners who are clients of printing companies.

Major events to be hosted include IGAS LIVE TV+, which live streams a variety of content on the official website of IGAS with a celebrity special anchor and reporter; Panel Discussion, which features representatives from printing and brand-owning companies as panelists and is intended to provide specific and useful information directly relevant to business; and Tours, which provides information on the general trend of IGAS2022 and technical information under various themes.

Details regarding exhibition application and IGAS2027 theme and programs will be given at the "Press Conference for the Start of Calls for IGAS2027 Exhibitors" planned in October.

About the Show

●Official Name

International Graphic Arts Show 2027

●Purport of the Show

This show is an international comprehensive exhibition of printing machinery that brings together the latest equipment, technologies, and services related to printing, binding, paper processing, packaging, digital graphics, and digital communication. It is intended both to propose the latest technology and diverse solutions and to provide an occasion for looking toward the future of the printing industry. It is also intended to contribute to the stimulation and prosperity of the printing and related industries by promoting international exchanges in business and human resources.
